of *The Waldheim Waltz* (2018)

Renowned Austrian filmmaker, Ruth Beckermann, calls *The Waldheim Waltz* 'a film about truth and lies or alternative facts'. Winner of the 2018 Berlin International Film Festival's Glashütte Original Documentary Award, and the 2019 Austrian Film Prize for Best Documentary Film, its story focuses on the international scandal sparked in the late 1980s by former UN Secretary General and Austrian president Kurt Waldheim's deception about his Nazi past.
