- Add documents or links to the record. You can attach multiple file types such as PDF or PNG in the documents section. Ensure you are authorised to upload these files. Set the visibility to **backend – restricted to Pure users** if the files are not to be seen by the public on the Research Portal. Please note that the main record can be public even if added files are restricted. Ensure that any links you have added are active and archived.

- Relate the activity to other content types such as a journal article to showcase the different parts of your research and network.

- Choose the option **'public – no restriction'** for the visibility if you want the record to be displayed on the Research Portal.

- Ensure you click on **Save** when you have added all the information to the record. Any changes or updates made will be lost if you do not use the save button.
