

STOP THEM TAKING YOUR BIKE FOR A RIDE

LOCK IT OR LOSE IT!

- Get a good bike lock - D locks or combination locks are best.
- Always lock a bike through the frame when unattended - even if it is only for a few minutes.
- Where possible, lock it to a fence, tree or railing.
- Leave bikes where potential thieves could easily be seen by others or CCTV.
- Remove accessories that cannot be secured such as lights, pumps and quick release saddles.
- Put bikes in a secure garage or shed at home and fasten them to the ground or wall anchor for extra security.
