Notes	
1.	This programme is accredited by the Institution of Civil Engineers (ICE), the Institution of Structural Engineers (IStructE), the Institute of Highway Engineers (IHE) & the Chartered Institution of Highways & Transportation (CIHT) as partially satisfying the educational base for a Chartered Engineer (CEng). A programme of accredited Further Learning will be required to complete the educational base for CEng. This programme would fully satisfy the educational base for Incorporated Engineer (IEng) registration.
2.	All course choices at Level 2 and above are subject to students holding the appropriate pre-requisites.
3.	Candidates seeking entry to the Junior Honours programme (Programme Year 3) must have accumulated, by award or recognition, or been exempted from, at least 240 credit points at levels 1 and 2, including 240 credit points from courses prescribed for this degree programme. Candidates who do not meet this progression requirement but who do meet the requirements for progression to Programme Year 3 of the DEGREE OF BACHELOR OF SCIENCE IN ENGINEERING (CIVIL) may transfer to this programme with a view to transferring back to an honours programme for the commencement of Programme Year 4.
4.	When completing registration for Programme Year 4, candidates registered for this programme will be registered for either EG 45PC Individual Project (BEng) or EG 45PA Individual Project Abroad (BEng). Candidates who are allocated an Industrial Project through the project allocation conducted during Term 1 will then be transferred to EG 45PD Industrial Individual Project (BEng) as necessary.
5.	Candidates undertaking EG 45PA Individual Project Abroad (BEng) or EG 45PD Industrial Individual Project (BEng) will undertake EG 4578 Group Design Project (BEng) remotely from their host institution.
