[SRUC Peatland Restoration Course](#)

To follow in November:

“Working for Nature” – Nature-based Jobs and Skills Video

Pathways to Nature-based Jobs: Peatland Restoration Designer

CIEEM (Chartered Institute for Ecology and Environmental Management)

Green Jobs for Nature – <https://greenjobsfornature.org/> or you can find all the links to GJfN in a handy single place on linktr.ee - subscribe or add it to your bookmarks!

On the Green Jobs for Nature website, you will find 100+ job profiles from people working in ecology and environmental management roles. Find out what their job entails, what employers are looking for, how they got into the profession and any top career tips they have. There is also careers advice on how to make your CV stand out and how issues such as equality, diversity and inclusion are being tackled.

CIEEM Website - <https://cieem.net>

Packed with resources on how to become an ecologist/environmental manager. Links:

- [Student membership](#)
- [CIEEM Mentoring Platform](#) (an invaluable student member benefit)
- [Training and Member network](#) event pages. This includes member network events which are free or a very minimal cost (£5) and are a great way for students to mix with professionals and make those all important contacts.
- <https://cieem.net/enews-sign-up/> - free weekly e-news
