Such candidates must hold qualifications as approved by the University Committee on Teaching and Learning annually.

Candidates wishing to apply to the Senatus Academicus for admission under this provision must do so not later than the end of the second week from their first registration for the degree of MA. Any such application must be supported in writing by the relevant Head or Heads of School.

- 2.2 In order to be eligible to enter an Honours Programme after one session in attendance candidates admitted directly to the second session of study for the degree must obtain not fewer than 120 credit points within that session and must satisfy the standard required by the Head or Heads of School concerned for entry to Honours in the appropriate courses at Level 2.
- 2.3 A candidate registered under this Regulation who fails to meet the requirements of 2.2 or who subsequently elects to graduate with a non-Honours version of the Degree of Master of Arts (either the Degree or the Designated Degree) will be required to satisfy the full requirements of MA Regulations 3 to 10 as applicable.

1. General Regulations

1. To qualify for the award of a Combined Degree with designation in Education, a candidate must comply both with the normal Supplementary Regulations prescribed for the award concerned, and also with the additional requirements prescribed by these Regulations for degree programmes which have been accredited by the General Teaching Council for Scotland as leading to the award of an Initial Teaching Qualification.
2. The programmes to which these regulations refer shall be prescribed from time to time by the Senatus Academicus, and are as contained in Schedule A hereto. This list may be amended from time to time.

Any health, conduct, behaviour or other issue that could bear on the suitability or fitness for teaching of a candidate on a Combined Degree programme with Education will be investigated by the Fitness to Practise Committee. However, where such a case relates to a matter falling within the Code of Practice on Student Discipline, it may be referred to the Fitness to Practice Committee only after procedures under that Code are exhausted and an allegation has been admitted or found to be proved. The Senatus Academicus, on the recommendation of the Fitness to Practice Committee, may suspend or terminate the studies of candidates on Combined Degree Programmes with Education who, following a proper process of investigation, are judged not "fit to practise". In exceptional circumstances only, the University may suspend the matriculated student status of, or exclude from specified activities of the University, candidates whose case has been referred to the Fitness to Practice Committee pending consideration of their case. In all cases, any such suspension or exclusion shall be subject to the procedures detailed in the University's Code of Practice on Student Discipline, as these are prescribed by any Resolution of the University Court in force at the relevant time.
9. Students who have failed to complete the requirements necessary to qualify for the award of a Combined Degree with designation in Education but who are otherwise qualified for an award within the University may, on application, be awarded a Combined Degree with designation in Educational Studies. Candidates awarded a combined degree with designation in Educational Studies will not be eligible for provisional registration with the General Teaching Council For Scotland (GTCS).
